MISC FUNCTIONS & UTILITIES

- HIPAA Compliant User Security Access Controls
- Sophisticated Password Policies
- Medi-Span Clinical Updates
- Batch Verification Of New Prescriptions
- Dispensing Machine Interfaces
- Complete ICD-9 File
- Drug Formulary
- Electronic Signature Capture
- Facility Directions
- File Purges
- File Statistics
- HL7 Interfaces Available
- Hot Key Setup
- Integrated Voice Response System (IVR interface)
- Label Spooler
- Log Files
- Numerous System Options
- Patient Merge Utility
- Patient Monographs
- Patient Transfer Utility
- Pharmacy-To-Pharmacy Transfer Utility
- PPS Sub-System
- Therapeutic Interchange And Compliance
- RxPertise Consulting Interface
- Apothecare Consulting Interface
- Drug Acquisition Price Updates
- Rapid Refill
- Doctor Refill Request Tracking
- Drug Rebate Programs
- Inventory Purchase Order Control

MEDICAL RECORDS SUB SYSTEM

- Ability to use MAR system as a stand-alone system or 100% interfaced with pharmacy system (no double entry)
- Time Codes (Facility, Nurs Station Or Order Specific)
- Evaluation Titles
- Scan "For" Messages
- Common Orders
- Code Titles
- Side Effects
- Standard Orders
- Order Entry
- Standing Orders
- Medications Sheets – Laser/Dot Matrix – Various Formats
- Physician's Orders – Laser/Dot Matrix – Various Formats
- Treatment Sheets – Laser/Dot Matrix – Various Formats
- Physician Order/Medication Record Combination
- Residential Care Flow Record
- Psychoactive Medication Monthly Flow Record
- Behavior Intervention Monthly Flow Record
- Patient Roster
- Patient Discharge List
- Patient Evaluation Titles
- Therapeutic Classification Report
- Side Effects Listing
- Miscellaneous Reports
- Patient Transfer Utility
- Pharmacy Interface
- Orders By Therapeutic Class
- E-mar Interface(s) Available

MANAGEMENT REPORTS

- Attorney/Insurance Co/Employer Listing
- Brand vs Generic Comparisons
- California Share-Of-Cost
- Centrally Stored Medications
